## EMERY WING FUND

Undrawn Feb. 20, 1937,	\$	2 90
------------------------	----	------

We recommend the following appropriations:

Contingent,	\$	700 00
Summer Roads,		800 00
Winter Roads,		600 00
Pauper,		2,500 00
School House Bonds,		500 00

The Selectmen on account of the serious condition of our highways, culverts and bridges thought it advisable to sponsor a W. P. A. fund of \$3,906.00 for highways and \$2,125.00 for Lower Bridge. Our sponsor amount expended for these projects was \$1,479.24.

By reason of the spring flood the summer road money otherwise would have been seriously overdrawn. The amount of \$231.92 to sponsor the Lower Bridge, would have been necessary to use at that location, in any case. These projects received the hearty approval of W. P. A. officials and it was the endeavor of all concerned to please

the taxpayers and citizens of the Town, by a business-like application of these funds.

As you will observe in the town report, our poor fund is badly overdrawn, this being due to the Handy case and also to some accounts presented during the current year which were held over from the past.

We decided to pay all current bills presented and have done so, other than the long term loans.

Respectfully submitted,

E. H. MANTER,  
L. M. NORRIS,  
W. W. WALTON,

Selectmen of Wayne.

February 20, 1937.  
Wayne, Maine.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Superintending School Committee and Citizens of  
Wayne:

I hereby submit by sixth annual report of the schools of  
Wayne for your consideration.

Mr. Clarence M. Perry remained with us for another  
year. The school has improved steadily under his instruc-  
tion.

Miss Louise Hunt is doing good work in the Primary  
room. The pupils, as a whole, bid fair to be up to grade by  
June. This school is small and gives an opportunity to the  
teacher to give considerable individual help to the pupils  
needing it.

Mrs. Edna Wallingford continues to do excellent work  
in the North Wayne school.

Our tuition students in the Secondary schools continue  
to do good work. This speaks well for our Grammar  
grades.

There are seven boys and no girls in the present eighth  
grade in the Village school. If they continue to do as good  
work as they are doing now, they should be able to pass their  
final tests and be promoted. There are no eighth grade  
pupils in the North Wayne school.

The North Wayne school should be closed and the pupils  
conveyed to the Village school. There is plenty of room for  
them and this would do away with one teacher, one janitor,  
one fire, and general up-keep of one building. It would save  
money and not in any way injure either school. This change

should be given careful consideration by every taxpayer in town.

In our report last year we stated that, "Our Elementary School has reached the point which seems impossible to maintain and do good work. There is a minimum expense below which it is disastrous to try to run schools. I think we have reached that minimum." I find, however, that the total expense for the Elementary School is \$143 less than last year. We paid out a shamefully small amount for books and supplies. We shall be obliged to spend more for these things another year. Although the total expense is less than last year, the expense per pupil is more. This is due to a smaller number of pupils. Of course the smaller the divisor the greater the quotient with the same or nearly the same dividend.

Tuition in the Secondary Schools has been \$555.59 more than last year. This is due to a larger number of pupils attending said schools. Unlike the Elementary Schools, the greater the number of pupils in the Secondary Schools the greater the cost. It looks now as though we should have at least five more pupils in the Secondary School next year. As we have a balance of \$317.67 in this account, we are asking for only \$900.00 this year.

I have only words of commendation for those who convey our pupils. Never have I had so few complaints about conveyance as this year. In fact, not one word of complaint has reached me. I am asking for the same amount for conveyance this year as it is costing now. There will doubtless be at least five more pupils to be conveyed to the Winthrop High. If this is to cost more, more money should be raised and appropriated for that purpose.

Nothing has been done to improve the drainage at the Village schoolhouse. It is in a deplorable condition and should be attended to. The building is being injured and the health of the pupils is in danger.

In closing, I wish to thank all who have helped to make the schools successful. It has been a pleasure to work with the present School Committee.

Respectfully submitted,

W. H. S. ELLINGWOOD,

Superintendent of Schools.
